### ***Principal's Report***

Grade 8 students will be provided with course lists for selection in advance for Grade 9. This will help determine potentially full classes and classes with little interest.

Anticipated new courses include a Forestry Program and a Criminology course starting in February through NIC. A new way of packaging courses via Video conferencing with NISS is being considered.

The Thought Exchange final information is being put together and will be available on the PHSS website. Meeting with parents to build on this year's successes, bringing them forward to next year.

Response to Intervention, new to this district, sees Support Teachers in a variety of classes. The program is beneficial to students with challenges, students that excel and all students in between.

***Adjournment:*** Motion by Nadine Gough 8:35pm
